SKILLS

- Languages: Python, C++, JavaScript
- Web Technology: HTML, CSS
- Database: MySQL
- Tools/Platforms: Git, GitHub
- CS Fundamentals: DSA, OOPS
- Soft Skills: Communication

PROJECTS

- Earthquake Detector – Arduino-Based Vibration Alert System | December 2025
- Designed a vibration-monitoring prototype using Arduino Uno and SW-420 to detect sudden ground vibrations
- Programmed the system in C/C++ to process sensor input and trigger LED and buzzer alerts
- Integrated and tested the sensor, microcontroller and alert circuit for a low-cost vibration detection prototype
- Tech: Arduino Uno, SW-420 Vibration Sensor, C/C++, Arduino IDE, Buzzer, LED
- Student Expense Tracker – Python & MySQL | August 2026 – Present
- Built a Python-based expense management application connected to MySQL for storing and managing student expenses
- Implemented CRUD operations, category search and spending calculations through a menu-driven interface
- Added input validation and category-wise spending analysis to make expense tracking more structured
- Tech: Python, MySQL
- Personal Portfolio Website | August 2026 – Present
- Developed a responsive personal portfolio using HTML, CSS and JavaScript to present a professional profile
- Structured sections for skills, education, projects, certificates and extracurricular activities
- Created a clean web presence aligned with a Software Engineer career goal and portfolio submission requirements
- Tech: HTML, CSS, JavaScript

CERTIFICATES

- Introduction to Artificial Intelligence | Infosys / Springboard | March 2026
- CS105: Introduction to Python | Saylor Academy | February 2026

EXTRACURRICULAR ACTIVITIES

- Event Organizer – Masterclass Event, Lovely Professional University | January 2026
- Organized and coordinated the university masterclass event while handling event operations
- Volunteer Leader – InnoTech Event, Lovely Professional University | April 2026
- Led volunteers and supported event management and coordination

EDUCATION

- Lovely Professional University | Phagwara, Punjab
- Bachelor of Technology – Computer Science and Engineering (Machine Learning) | CGPA: 7.5 | 2025 – Present
- Holy Family Convent | Class XII | Percentage: 84 | 2025
- OM Public School | Class X | Percentage: 76 | 2023
